

Cast your vote to select  
two Vice Presidents of HUC!

## LU Zhi

- Boya Distinguished Professor, Center for Nature and Society, School of Life Sciences, Peking University, China
- Vice Director, PKU Institute of Ecology
- Member of United Nations Decade on Ecosystem Restoration Advisory Board
- Founder & Executive Director, Center for Nature and Society, PKU
- Founder, Board Member & Director, Shanshui Conservation Center, an NGO
- Vice President, China Associate for Women in Science and Technology

Four decades of ground breaking research on flagship species – giant pandas and snow leopards – and their habitats across Southwest China and the Tibetan Plateau; established field research bases to support cross disciplinary studies in conservation sciences and to advance locally-led conservation in the world's biodiversity hotspots; translated scientific findings into actionable frameworks through leadership of Peking University Center for Nature and Society and Shanshui Conservation Center.

*"The HUC's values of inclusivity, collaboration, and ethical stewardship resonate deeply with my professional philosophy."*

*"I am particularly committed to advancing the Consortium's gender diversity goals as outlined in the 2025 Charter."*

### **Letter of Interest by the candidate**

*"Peking University enthusiastically endorses Prof LU's candidacy, confident that she will strengthen science diplomacy, mobilize resources, and elevate HUC's global impact as Vice President"*

Endorsement by Chair Professor & Dean,  
School of Life Sciences, Peking University
